## Bernard Controls

Time: Workshop: 3 breaks, 10 min morning, 10 min afternoon, 40 min lunch

Office: No official/fixed breaks

### Suggestions (Material):

- AC
- heating
- Drinks
- TV screen
- reading materials
- music
- Benches instead of chairs (more people can sit)
- sofa Table (for playing cards)
- Plants & flowers
- Window (to look outside)
- Painting (help to cool down)

### Suggestions (Non-material):

- Grup games to improve team awareness
- Meeting place for office and workshop,
- locals and foreigners
- To relax, better spirit better work
- (Office) Eye sight and movement
- small exercise gadgets (bars)
- Space should change with the season (referring to temperature)
- Close the door and you're no longer in the factory (noise)
- Eat in a proper space
- Not to hide, build a sense of trust and responsibility (transparency)

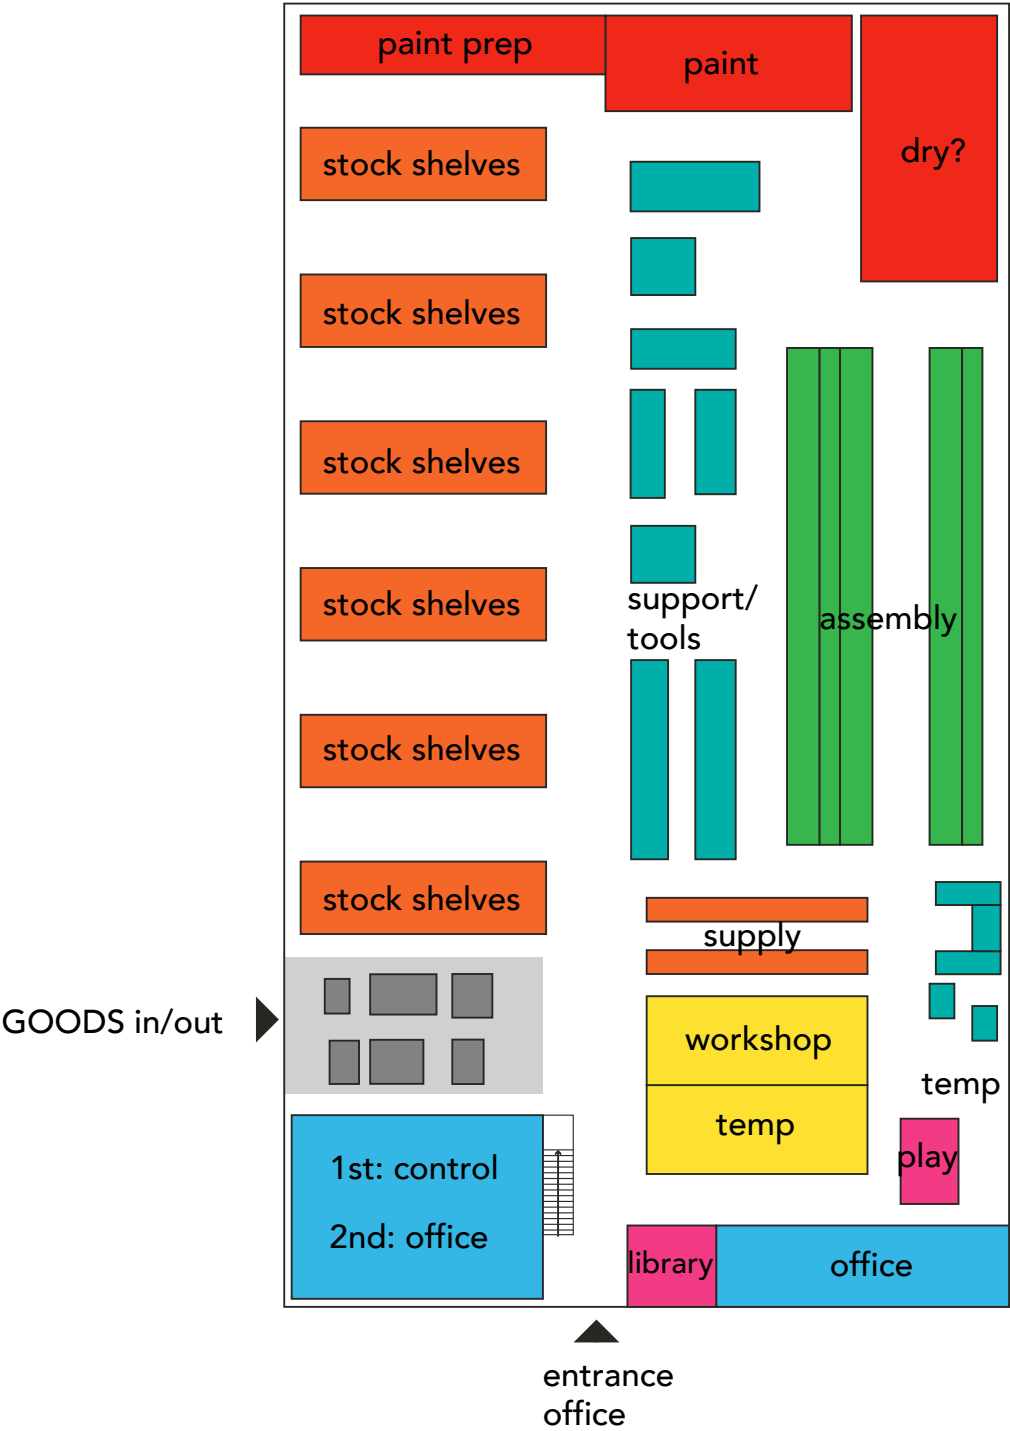

### Questions:

Would self-regulated breaks effect the production line?

Can the space fit 20 workers?

Space: 3x7x1.5/1.7
